

Congrats! Your Calvin journey continues here.

1 message

Johanna, congratulations!

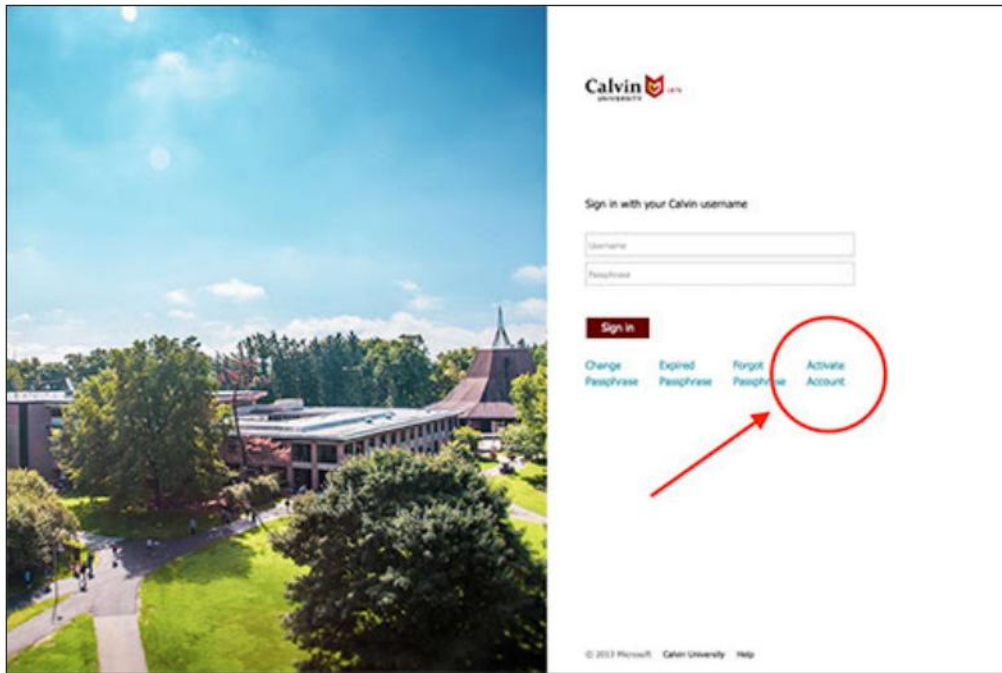

We are happy to announce you are admitted to Calvin University for Fall 2026. You now have access to your New Student Portal using your Calvin account:

1. Go to calvin.edu/go/new-student-portal and click "Activate Account" on the Calvin login screen.

Follow the instructions to validate your identity and create a passphrase that you'd like to use

for your Calvin University account.

2. Return to the Calvin sign-on screen and use your Calvin username (jae36) and **new** passphrase to access your **New Student Portal**.

Your New Student Portal will be "home base" now that you are a new Calvin student. It contains useful links and a customized checklist to help you keep track of your progress.

If you have any questions or run into a challenge along the way, contact me. I want to make your admissions experience as smooth as possible.

Congratulations again. I am happy to welcome you to the Calvin community.
