Dear Angela Enam,

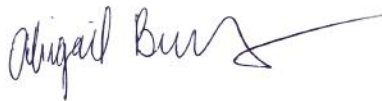

Congratulations on your acceptance to the University of New Haven! You have prepared yourself academically to meet the challenge of higher education, and we are prepared to help you financially as you strive to achieve your goals.

Based upon your impressive credentials, we are delighted to offer you an annual **\$24,000 Distinguished Scholar Award**. This merit-based tuition scholarship will automatically be awarded to you should you choose to attend the University for the Fall 2026 semester.

Merit scholarships are guaranteed for your first year and renew each year, provided you remain a full-time undergraduate student and maintain satisfactory progress toward your degree. Merit scholarships are renewable for up to a maximum of ten semesters and are applied only to undergraduate tuition. Please also note that these scholarships are in addition to any traditional need-based financial aid awards you may be receiving in the future. Each student may receive a maximum of one merit scholarship, including University-sponsored college access programs.

Congratulations on your academic achievements, and we look forward to seeing you on campus!

Sincerely,

Abigail Burkhardt
Director of International Admissions
